

# SWP12XL / SWP12XR / SWP14XL / SWP14XR / SWP16XL / SWP16XR

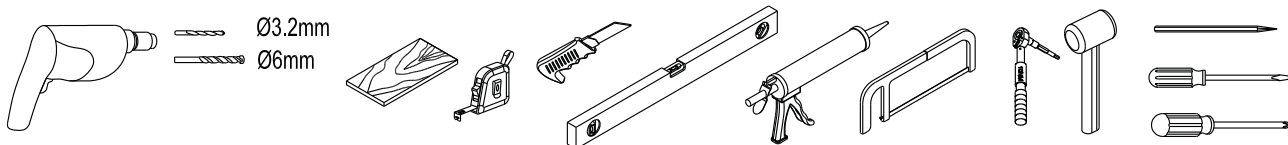

## Montagehandleiding

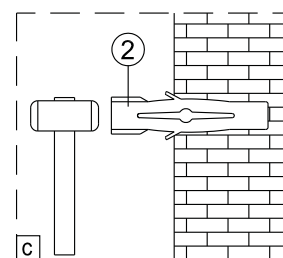

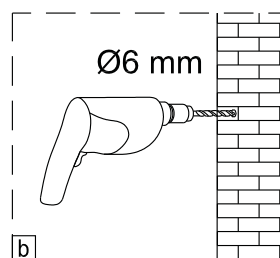

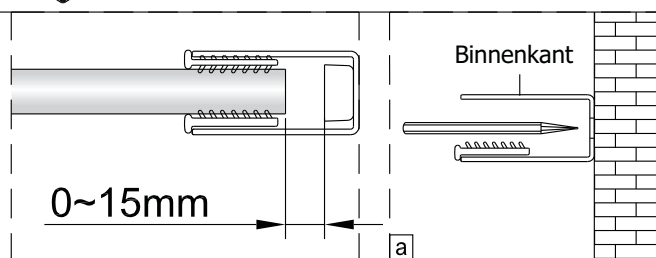

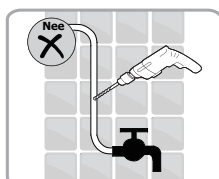

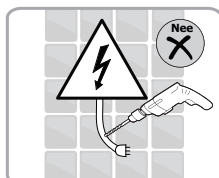

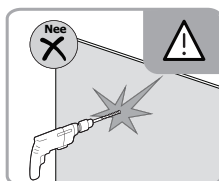

**LET OP!** Gehard veiligheidsglas. Voorzichtig hanteren!  
Zet de glaswand niet op een van de punten,  
want daardoor kan hij breken.

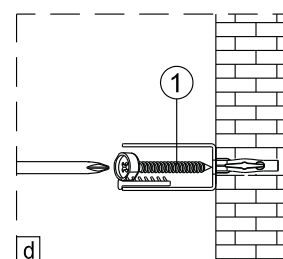

|                                                                                                     |                                                                                                     |                                                                                           |                                                                                           |                                                                                                     |                                                                                                     |                                                                                            |                                                                                             |                                                                                                    |                                                                                                       |
