

Mirror Installation Instructions

Please read these instructions first. We reserve the right to change product specifications due to possible technical improvements.

1. Identify a position which does not fall into "Zone 1" as shown.

ZONE 1

Refers to the area above the bath or the shower, up to a height of 2.25 metres. The minimum rating required here is IPX5.

ZONE 2

Covers an area of 0.6 metres wide immediately next to, and all around "Zone 1". Washbasins should also be treated as "Zone 2". The minimum rating required here is IPX4.

OUTSIDE ZONE

Has no special requirements, unless water jets are likely to be used for cleaning purposes.
